Treatment and Recovery:

With any medical condition, be it a wound or leg ulcer, the healthier you are - the speedier your recovery will be.

At the treatment rooms we can provide you with information and advice on a wide range of health related topics and can get you in touch with services that can help.

The Staff aim to keep you fully informed about your condition at every appointment but we work in partnership with you and if you have any problems or concerns between appointments then we would expect you to contact our office on 0151 295 9426 or the clinic you attend for advice.

Your health and wellbeing is important to us. Our staff can provide the right advice and guidance about staying healthy and feeling good or put you in touch with a wide range of services/activities that can help.

Our patients matter

Liverpool Community Health NHS Trust aims to provide a high quality services which reflect the needs of our communities. This means listening and responding to comments to help improve the services we deliver.

If you have any comments or concerns you can speak with a member of staff or contact our Patient Advice and Liaison Service (PALS) for Liverpool Community Health.
